

Next Generation Leadership

Dialogues, Article 3 on **Spring 2021**

With its hands-on approach to investments and ability to effect lasting change both across its portfolio companies and the industry itself, private equity is in a unique position to positively impact the diversity and inclusion agenda, especially when it comes to fostering female talent. In this article we talk to four key figures from across the industry to explore the issues around diversity and leadership within private equity.

[Dialogues](#) is a private equity publication bringing together leading market voices and influencers to discuss the key issues affecting private equity.
