

Spotlight on ESG: Responsible Investing in Private Credit

March 25, 2021

In this session of the 2021 Private Credit Summit, Proskauer partners Karen Garnett, Alexander Griffith and Kirsten Lapham discussed how responsible investing is gaining momentum in the private debt space.

- What is driving responsible investing?
- The global ESG Framework
- S. regulatory and public company considerations
- A review of ESG pricing ratchets in European leveraged finance transactions (including recent private credit funded deals)
