

Proskauer Advises Palladium Equity Partners on Formation of Multi-Asset Continuation Fund

January 9, 2024

NEW YORK, January 9, 2024 - Proskauer, a leading international law firm, announced that it advised private equity firm Palladium Equity Partners, LLC (“Palladium”) on the formation of its multi-asset continuation fund. The transaction is comprised of three assets - Sky Zone, Del Real Foods and Jordan’s Skinny Mixes - held by Fund IV (“the Fund”), which closed in 2014 with \$1.14 billion in commitments and invests in founder/family-backed businesses which the firm believes will benefit from the growth in the U.S. Hispanic population.

As part of the transaction, existing limited partners were provided with the option to cash out of their interests in the assets, roll their interests into the continuation fund, or stay in the fund at the same terms.

Since its founding in 1997, Palladium has invested in more than 210 companies (40 platforms and more than 170 add-ons). With over \$3.5 billion in AUM, the firm focuses primarily on buyout equity investments in the range of \$50 million to \$150 million. Palladium seeks to acquire and grow companies in partnership with founders and experienced management teams by providing capital and strategic guidance. The partners of the firm have meaningful experience in consumer, services, industrials, and healthcare businesses, with a focus on companies they believe will benefit from the growth in the U.S. Hispanic population.
